

2nd TIPS Workshop

2nd International workshop on the *Timing Performance in Safety Engineering*

12 September 2017,
Trento, Italy

AGENDA

16:00	TIPS'17 WELCOME & Agenda -	L. Rioux, M.C.W Geilen
16:05	Modeling Rover Communications using Hierarchical State Machines in Scala	Klaus Havelund & Rajeev Joshi (Jet Propulsion Laboratory)
16:35	Towards component-based (max,+) algebraic throughput analysis of hierarchical synchronous dataflow models	Mladen Skelin & Marc Geilen (Univ of Eindhoven)
17:05	RobMoSys: Towards Composable Models and Software for Robotics Systems	Selma Kchir, Matteo Morelli, Chokri Mraidha, Ansgar Radermacher and Sara Tucci-Piergiiovanni (CEA-LIST)
17:35	Waruna project update: Time4Sys polarSys project	L. Rioux (THALES R&T)
17:50	Conclusions & Closing Remarks	L. Rioux, M.C.W Geilen
18:00	End of the workshop
