

# Safe Comp 2017

## SPONSORSHIP PACKAGE

SAFECOMP was established in 1979 by the European Workshop on Industrial Computer Systems, Technical Committee 7 on Reliability, Safety and Security (EWICS TC7). Since then, it has contributed to the progress of the state-of-the-art in dependable application of computers in safety-related and safety-critical systems.

SAFECOMP is an annual event covering the state-of-the-art, experience and new trends in the areas of safety, security and reliability of critical computer applications.

SAFECOMP provides ample opportunity to exchange insights and experience on emerging methods, approaches and practical solutions. It is a single track conference without parallel sessions, allowing easy networking.

### **There are several opportunities for your company to be involved in SAFECOMP 2017.**

Following you can find some sponsorship proposals with different amounts and corresponding benefits. If your organization is interested in participating but you don't find the opportunities that best fit it, please directly contact our team ([safecomp17@fbk.eu](mailto:safecomp17@fbk.eu)) and we will do our best to arrange alternative solutions.

We hope that you will consider participating in SAFECOMP 2017 and we are looking forward to meeting you in Trento.

*The Organizing Committee*
